PROFESSIONAL PROFILE

As a professional educator with a robust background in media, business, and the creative industries, I bring a wealth of experience in leadership across both education and business sectors, excelling in problem-solving and driving successful outcomes. With the completion of a Master of Learning and Teaching, I am eager to embrace new challenges and apply my expertise to foster meaningful learning experiences.

PROFESSIONAL EXPERIENCE

SECONDARY SCHOOL TEACHER

Aspley Special School, January 2024 – Current

As a teacher at Aspley Special School, I've designed and delivered several comprehensive units of learning over the year, tailoring to the Australian Curriculum and to QCIA goals to meet the diverse needs of my 18-year-old students. Through innovative differentiation strategies, I've successfully engaged a class that included a non-verbal student and learners with cognitive abilities ranging from grade one to grade four.

- Designed and implemented literacy and numeracy units aligned with the Australian Curriculum.
- Applied diverse pedagogical strategies to engage all students, fostering meaningful learning experiences for a highly diverse class.
- Collected and analysed formative and summative assessment data to demonstrate measurable student progress and guide future teaching.

UNIVERSITY PRACTICUMS

MUSIC AND MEDIA TEACHER

Burpengary State Secondary School, August 2022 (5 weeks)

Incorporated several research-based frameworks to engage a diverse year eight media class of thirty-two students in a project-based learning experience where students used ICT to create informative short films.

MUSIC AND MEDIA TEACHER

Dakabin State High School, August 2021 (4 weeks)

Worked with limited resources to deliver an engaging and project-based digital media curriculum to a diverse range of grade seven students, in which students were required to use iPads to write and produce a one-minute short film.
